Creative Solutions for Term Life Insurance

Guaranteed Premiums

Life insurance premiums will never increase and are guaranteed to age 100. Thereafter no additional premium is due while the coverage can continue to age 121.

Guaranteed Benefits During Working Years

Death Benefit is guaranteed 100% when it is needed most—during your working years when your family is relying on your income. While the policy is in force, the death benefit is 100% guaranteed for the longer of 25 years or age 70.

Guaranteed Benefits After Age 70

Even after age 70, the full death benefit is designed to last through age 99 for non-tobacco users and age 95 for tobacco users based on the current interest rate and mortality assumptions. Regardless of interest rates, the death benefit after age 70 is guaranteed to always be at least 50% of the initial benefit and will likely be more given the current interest rate.

Long Term Care (LTC)*

If you need LTC, you can access your death benefit while you are living for home health care, assisted living, adult day care and nursing home care. You get 4% of your death benefit per month while you are living for up to 25 months to help pay for LTC. Insurance premiums are waived while this benefit is being paid.

Contingent Benefit

Should the cost for the LTC coverage increase, you will have an option to: 1) Reduce your benefit amount and keep your premiums the same, or 2) Convert your LTC rider to paid up status equal to 100% of all LTC rider premiums paid, or 4% of your death benefit, if greater.

Extension of Benefits*

Extends the monthly Long Term Care benefit for up to an additional 50 months, after 100% of the base death benefit has been used for LTC.

Paid-up Benefits

After 10 years, paid up benefits begin to accrue. At any point thereafter, if premiums stop, a reduced paid up benefit is guaranteed. Flexibility is perfect for retirement.

* LTC and Extension of Benefits premiums may be adjusted based upon the experience of the group or other group characteristics that may affect results. Premiums will not be increased solely because of an independent claim.

LifeTime Benefit Term Can Help

As Life Insurance

LifeTime Benefit Term protects your family with money that can be used any way they choose. It is most often used to pay for mortgage or rent, education for children and grandchildren, retirement, family debt, and final expenses.

For Long Term Care (LTC)

If you become chronically ill, LifeTime Benefit Term will pay you 4% of your death benefit each month you receive Long Term Care. You can use this money any way you choose, and your life insurance premiums will be waived.

- Your death benefit will reduce proportionately each month as you receive benefit payments for Long Term Care. After 25 months of receiving Long Term Care Benefits, your death benefit will reduce to zero.
- With Extension of Benefits, if you continue to need LTC after you have exhausted your Death Benefits, you can receive up to 50 more months of benefits, for a total of 75 months of LTC benefits.

Restoration of Your Death Benefit

Ordinarily, accelerating your life coverage for Long Term Care benefits can reduce your death benefit to \$0. While in force, this rider restores your life coverage to not less than 50% of the death benefit on which your LTC benefits were based. This rider assures there will be a death benefit available for your beneficiary until you reach age 121.

For Terminal Illness

After your coverage has been in force for two years, you can receive 50% of your death benefit, up to \$100,000, if you are diagnosed as terminally ill.

Additional Benefit Options

Child Term Benefit Death Benefits available up to \$25,000. Guaranteed conversion to individual coverage at age 26—up to 5 times the benefit amount.

Waiver of Premium Benefit Waives premium if you become totally disabled.

Payor Waiver of Premium Benefit
